

# My Trip to the Dentist

I will enter the building here.

I will make my way to the lifts and stairs.

I will tell reception I am here  
and wait for my name to be  
called.

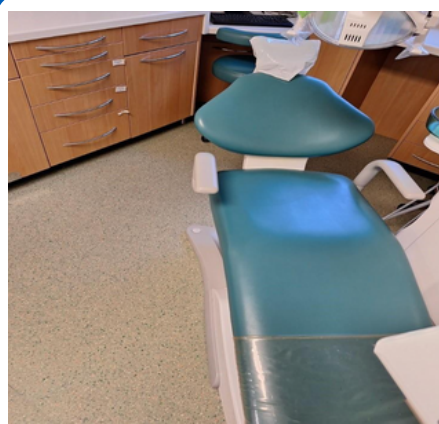

When my name is called I will go to one of the Dentist's rooms. The Dentist and Nurse will be happy to see me.

I will sit on the dental chair. The chair will move and lie back like a bed. The Dentist will put the light on. I will wear sunglasses to protect my eyes.

The Dentist will use a mirror and a small light to see my teeth. I will open my mouth so the Dentist can count my teeth.

The Dentist might clean my teeth. I can help the Dentist to choose a brush.

I am happy. My teeth are nice and clean. I will see you again soon.
