

My Trip to the Dentist

I will enter
the building here.

I will make my way to the lifts or the stairs.

I will tell the receptionist
I am here and wait for
my name to be called.

When my name is called
I will go to one of the
Dentist's rooms.

The Dentist and Nurse
will be happy to see me.

I will sit on the dental chair.
The chair will move
and lie back like a bed.
The Dentist will put the
light on. I will wear
sunglasses to protect
my eyes.

The Dentist will use a mirror and a small light to see my teeth. I will open my mouth so the Dentist can count my teeth.

The Dentist
might clean
my teeth.
And then I
will be able to
choose a sticker.

I am happy.
My teeth are nice and clean.
