

Living better with
dementia together

DON'T STOP ME NOW!

An immersive and interactive training session for people working in health, social care or community settings

It will help you

- to feel more confident in interacting with people living with dementia
- understand the symptoms that dementia causes
- know how to make your service or activities more dementia-accessible
- understand what promotes wellbeing for people with dementia and their carers

You will learn directly from people living with dementia.

To book: Fiona.vincer@nhs.net
